Policy: School Space Use

By July 15, the school council shall develop and adopt a school space use plan. The principal shall propose any space changes to the council before July 15. The principal shall implement the plan subsequent to the approval of the school council. If the school council has not adopted a plan by July 15, the principal shall develop and implement a school space use plan. Updated floor plans will be posted in offices/classrooms within the first month of each school year.
